October is Breast Cancer Awareness
Month and while we celebrate the
remarkable progress that has been
made against breast cancer, it is still
true that 1 in 8 women in Canada are
expected to be diagnosed with breast
cancer in their lifetime. Annually there
is a campaign to raise awareness of
this complex disease and fund
research into its causes, treatment,
and cure. Since 1985, individuals,
businesses, and communities have
come together every October to show
their support for the many people
affected by breast cancer. Hope you
will show your support!
