MEET THE TOWN OF SOURIS MAYOR AND YOUR LOCAL MLA FOR DISTRICT 1

Mayor of
Town of Souris

Joanne Dunphy is the Mayor of the Town of Souris and she is honored to serve the Town of Souris. She has lived in this wonderful community for many years and has always been inspired by the resilience, kindness, and spirit of the people who call Souris home. Souris is a vibrant seaside town with a rich history, known for its welcoming nature, stunning coastline, and strong sense of community. The Town of Souris is proud to be the gateway to Îles-de-la-Madeleine, a hub for local businesses, and a place where neighbors still look out for one another. Our town is built on traditions of fishing, farming, and hospitality, but also continues to grow with new opportunities and events that bring people together year after year.

As Mayor, her goal is to listen, support, and work alongside council and residents to make sure Souris continues to thrive. Together, they will focus on community growth, supporting local businesses, improving services, and ensuring that Souris remains a safe, beautiful, and welcoming place to live, work, and visit. I look forward to continuing this journey with you and to celebrating all that makes our town so special.

MUNICIPAL ELECTION 2026
BE PART OF OUR FUTURE!

Our community is strongest when residents get involved. Consider putting your name forward and help shape the future of Souris.

INTERESTED IN RUNNING FOR COUNCIL?
Make a difference. Be a leader. Serve your community.

Municipal councillors and mayors play an important role in decisions that affect our daily lives. As a member of Council, you will help guide the future of Souris by making decisions on key services and priorities, including:

- Roads, sidewalks, and infrastructure
- Water and sewer services
- Recreation programs and community facilities
- Public safety and emergency services
- Community planning and development
- Municipal budgets and taxes

Serving on Council is a meaningful way to represent your community, share your ideas, and make a lasting impact. No previous political experience is required!

Lead. Serve. Make a Difference.

Municipal Affairs provides information, resources, and training sessions to help potential candidates understand the role and responsibilities of elected officials.

Candidates can also find information on nomination requirements, campaign financing rules, and election procedures.

Together, we can build an even brighter future for Souris.

MLA -
DISTRICT 1

ROBIN CROUCHER'S life has been deeply influenced by the people of District 1, Souris-Elmira. He grew up in Souris, attending Souris Regional High School and later graduating from Holland College. Robin is a small business owner operating Auto Medic, a local automotive services company. He has worked as a primary care paramedic for more than a decade and is also a long time member of the Souris fire department. As a firefighter Robin has braved snow storms and natural disasters to perform wellness checks and render care for seniors. Robin was elected as the MLA for District 1, Souris-Elmira, on April 3rd, 2023. On February 27, 2025, he was sworn in as Minister of Education and Early Years. Robin and his wife Mary live in Souris with their children.

September 30th marks **National Day for Truth and Reconciliation and Orange Shirt Day – Every Child Matters**

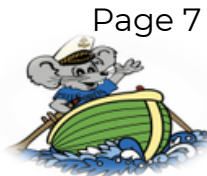

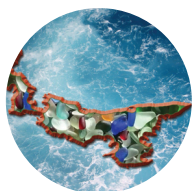

Orange Shirt Day – Every Child Matters began in Williams Lake, British Columbia, on September 30, 2013. Established to honour Residential School Survivors, their families, and those who never returned home, it serves as a powerful reminder of the lasting impacts of the Residential School system. What began as a grassroots initiative has since evolved into a nationally recognized movement, with individuals, organizations, and communities across Canada participating in acts of remembrance, reflection, and reconciliation each year.

Bakery

Our kitchen is always busy with both clients and staff creating many different types of goods for our customers. It is one of our busiest programs here at the Harbourview Training Center. Below is a list of baked goods, food and services that we offer through our kitchen.

HTC offers catering (pick up or drop off) to individuals, businesses, groups and events.

Cakes for all occasions decorated specifically for each customer.

We do cinnamon rolls, date squares, cookies and sweet trays. Dinner rolls and biscuits.

Pickles, jams and jellies. Loaves of bread including raisin. Our famous carrot cake.

We appreciate every order placed with our bakery as it assists with this program and others within our center. If you have an event, a business or gathering, we welcome you to contact the Harbourview Training Center kitchen to discuss your food needs.

Woodworking

Harbourview Training Center's woodworking shop is one of our busiest programs. Our clients have the opportunity to learn woodworking skills with the support of Harbourview staff. Clients get to build and create wood products that we sell in our showcase gift shop such as seasonal wood decorative items and hanging directional signs that they can personalize specifically just for you.

Our woodworking shop also accepts custom requests to build benches, picnic tables, frames, shelving and more. One of the busiest sections is our refinishing/refurbishing area. Customers bring in items such as desks, chairs, tables for our clients to refinish so if you need a wood item spruced up or brought back to life, please contact us.

Auto Crime Prevention

- **Lock it or Lose it:** Always lock your vehicle, even for a quick stop, and do not leave keys or fobs inside.

Hide Valuables: Keep shopping bags, electronics, and personal items out of sight, preferably in the trunk.

High-Tech Protection: Use a steering wheel lock or an OBD port cover to prevent modern theft methods, and consider hiding a GPS tracker in your vehicle.

Faraday Bags: Store key fobs in a Faraday bag while at home to prevent thieves from boosting the signal.

SOURIS FIRE DEPARTMENT

135 Main Street

During a Fire Emergency

- Get Out, Stay Out: Never re-enter a burning building.
- Crawl Low: Smoke and poisonous gases collect at the ceiling, so crawl under smoke.
- Check Doors: Feel doors with the back of your hand; if hot, use your second exit.
- Stop, Drop, and Roll: If clothes catch fire, stop immediately, drop to the ground, cover your face, and roll.

Call 9-1-1: Call from outside, not from inside the burning building.

A STROKE is a medical emergency. Do not drive to the hospital.

Call 9-1-1. Learn the signs of stroke. Think **F A S T**:

Face: is it drooping? Arms: can you raise both?

Speech: is it slurred or jumbled? Time to call 9-1-1 right away.

If you have any health concerns or need immediate health information, call 8-1-1 to speak to an experienced registered nurse for advice on the best course of action.

The Town of Souris would like to advise that **all dogs must be on a leash when walking along the Souris Beach**. Even though your dog may be friendly and well trained, some people are nervous of dogs regardless of their size, breed or temperament. Also, please remember to always

The Souris Area WAVE group would like to thank everyone who donated bicycles for our newcomers and seasonal workers. We were overwhelmed by your generosity. We are now hoping to collect donations of fishing rods and large, rolling suitcases. Fishing gives people an opportunity for fun and provides food. Suitcases are essential as when workers return to their home country, they take with them clothing etc. that they purchased here for their families at home. We are looking for large (not carry-on sized) suitcases that roll and are in working condition (zippers work etc.). Please contact Angela at SourisareaWAVE@gmail.com or (902)330-3623. Many thanks!

If you require a burning permit, you must apply with the Province, the Town of Souris does not issue burning permits for any area of the municipality.

The municipal bylaws for burning are located on the Town of Souris website.

In the Town of Souris, Prince Edward Island, burning regulations are outlined in **By-law No. 85-4: Garbage Burning**. This by-law prohibits individuals from burning or incinerating grass or garbage on any property—commercial, residential, or recreational—without prior written consent from the Town Council and approval from the Fire Chief.

The Fire Chief determines the appropriate type of incinerator to be used for such activities.

Violations of this by-law result in fines: \$50 for the first offence and \$100 for each subsequent offence.

****Additionally, during the wildfire season (March 15 to November 15), provincial regulations require checking daily burning restrictions before any outdoor burning. You can check current restrictions or call 1-800-237-5053.**

<https://www.princeedwardisland.ca/en/feature/burning-restrictions#/service/FireRestrictions>

For more information or to obtain necessary approvals, contact the Town of Souris at 902-687-2157.

Burning permits are not required for Category 1 fires.

Category 1 fire specifications:

Piles no larger than three metres in diameter,

Piles no more than two metres high,

Multiple piles must be at least 10 metres apart from each other,

No more than two piles burning at one time,

Burning of tree limbs, leaves, brush or cut grass is permitted,

Includes campfires* except in licensed private, municipal, and provincial campgrounds, and **Fire must be attended at all times.**

*Campfires are any open fires** that burn no larger than 0.5 metres in diameter and are intended for recreation (and not for survival).

**Open fires are any fires not in an enclosed CSA approved appliance (e.g. propane or charcoal fueled appliances such as BBQs, propane or natural gas fire bowls, and Coleman-style camp stoves).

Chimneys are considered open fires.

Before burning you must check the Burn Restriction Map

THE TOWN OF SOURIS DOG LICENSING PROGRAM

runs from **June 1 to May 31.**

Residents are required to annually register their dogs through this program in person at the Souris Town Hall.

We will need your name, address, phone number, email, the name of your dog(s), the color of the dog(s), the breed, male or female and whether they are spayed or neutered.

Dog tags are \$5 for spayed/neutered dogs and \$10 for non-spayed or non-neutered dogs

The Town of Souris enforces its animal control regulations through the Companion Animal Control By-law 2004-05. This by-law mandates that all dogs residing within the town must be registered and wear a valid dog tag.

These tags are renewable annually and are essential for ensuring that lost pets can be promptly identified and returned to their owners

Reminder to Dog Owners in Souris

Under the Town of Souris Animal Control Bylaw, dogs must be kept on their owner's property and not allowed to roam at large. If your dog has a tendency to wander, please use a leash, fence, or other appropriate restraint to ensure they remain on your property. Also, if and when walking your dog off your property, on sidewalks, public spaces, parks, recreation fields, beach, or boardwalk they must be leashed and you must clean up after your pet. 🐾 Carry waste bags with you and dispose of pet waste properly.

Let's work together to keep our neighbourhoods safe, clean, and enjoyable for everyone.

Thank you for your cooperation and responsible pet ownership!

MUNICIPAL ELECTION
— 2026 —
BE PART OF OUR FUTURE!

Our community is strongest when residents get involved. Consider putting your name forward and help shape the future of Souris.

INTERESTED IN RUNNING FOR COUNCIL?

Make a difference. Be a leader. Serve your community.

Municipal councillors and mayors play an important role in decisions that affect our daily lives. As a member of Council, you will help guide the future of Souris by making decisions on key services and priorities, including:

-  Roads, sidewalks, and infrastructure
-  Water and sewer services
-  Recreation programs and community facilities
-  Public safety and emergency services
-  Community planning and development
-  Municipal budgets and taxes

 Serving on Council is a meaningful way to represent your community, share your ideas, and make a lasting impact. No previous political experience is required!

Lead. Serve. Make a Difference.

Municipal Affairs provides information, resources, and training sessions to help potential candidates understand the role and responsibilities of elected officials.

Candidates can also find information on nomination requirements, campaign financing rules, and election procedures.

Souris and Area Branch of the PEI Wildlife Federation (SAB) in working with Dalhousie University's Dr. Robert Lennox and his team from Lennox Lab for the **Gulf of St Lawrence Striped Bass Tracking Project;** 1,000 Striped Bass.

We are working with scientific partners from around Atlantic Canada, who are all working together this summer to tag Striped Bass in Prince Edward Island, Quebec, New Brunswick and Nova Scotia with acoustic transmitters to track their movement over the next five years. Together, we are tagging 100 Striped Bass in northeastern Prince Edward Island, SAB's management area, with these tags that communicate with acoustic receivers, and placing the receivers in rivers, estuaries, and coastal areas where we can detect the fish as they move between feeding and spawning grounds every year. Placing a receiver means deploying a small, battery-powered listening device for about a year to detect tags that pass by and log the unique ID of the tag. When we offload the data from the receiver next year, we can see how each individual Striped Bass (1000 in total in Atlantic Canada and Quebec) has moved throughout Atlantic Canada.

We greatly value the opportunity to be a partner on this exciting project, with local stakeholders, and to continue to develop partnerships that help us tag and monitor Stiped bass and to maintain a network of acoustic receivers.

If you see some of our team out with Dalhousie, come ask about how the project is going and **if you catch a tagged bass, please send Souris and Area Branch of the PEI Wildlife Federation at sourisareawildlife@gmail.com or call the office at 902-687-4115 and please leave a message with the tag ID details. If you encounter a receiver while out on the water, please leave it in place so that it is there when we come to collect the data next year!**

Thanks so much everyone! We are looking forward to this wonderful initiative and for all of the data results to come!

1,000 STRIPED BASS

TRACKING MIGRATION AND MOVEMENT ECOLOGY THROUGH THE MARITIMES

Project Overview

Researchers from Dalhousie University are conducting a large-scale acoustic telemetry study to track the movements of striped bass (Morone saxatilis) throughout the southern Gulf of St. Lawrence, from Quebec to Cape Breton. Throughout the study, 1,000 striped bass will be surgically tagged with acoustic transmitters (see image right) and monitored using an array of underwater receivers deployed throughout the region. The study aims to map seasonal migration routes, identify key habitats, and compare striped bass movements to those of other species, such as Atlantic salmon.

For more project info, contact:
Aaron Ulrich
MSc Candidate | Dalhousie University

Striped bass with a yellow Floy tag attached to the dorsal fin. Please record the number on this online tag.

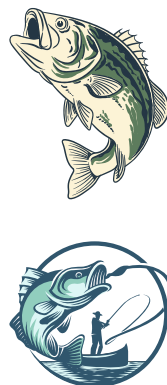

Study Objectives

- Map seasonal migration routes of striped bass across the southern Gulf of St. Lawrence.
- Identify critical habitats used during migration and overwintering.
- Compare striped bass movements to other tracked species, including Atlantic salmon.
- Inform GFC fisheries management and conservation decisions.

An acoustic tag surgically implanted into a striped bass. This tag produces a high-frequency acoustic ping that allows us to track them throughout their life.

If you encounter a tagged fish:

- Record the tag number (see image left)
- Record the location (date, time, GPS if possible)
- If you choose to keep the fish, please return the implanted acoustic tag. Otherwise, release the fish (carefully and unharmed)
- Report information to Dr. Robert Lennox
(902) 399-6139
Lennox@dal.ca
- Tag reports are rewarded** – each submission enters you into a draw for an amazing prize package!

STOP REPORT TAGGED FISH! STOP

We are conducting research on the migration behaviour and movement ecology of striped bass throughout the Gulf of St. Lawrence Region. Tagged animals are surgically implanted with acoustic tags (see bottom right image) that allow them to be tracked throughout their lives.

If you encounter a tagged fish:

- Record the Floy tag number (see top right image)
- Record the location (date, time, GPS if possible)
- If you choose to keep the fish, please return the implanted acoustic tag. Otherwise, release the fish (carefully and unharmed)
- Report information to Dr. Robert Lennox
